

Bakery Export Assortment

Northern Magic. Made Real.

130-year-old family-owned company

When Karl Fazer opened his first café in Kluuvikatu, Helsinki in 1891, his goal was clear: to make food with a purpose and to bring moments of joy to people.

At that time no one would have believed that young Karl Fazer was creating something which is today one of Finland's most successful—and iconic—companies.

Over time, that first café in Kluuvikatu became a confectionery business and eventually an international food company.

Through the years, Fazer has stayed relevant to consumers thanks to its consumer centric approach and tremendous ability to renew itself and innovate – our aim has been to set the trends rather than just follow them. As the privileged keepers of our founder's legacy, we cannot help but to look back with pride and admiration.

The Food Experience Company

Fazer is an international Food Experience Company—a billion-dollar business with thousands of employees.

At Fazer, we create meaningful food experiences and moments of joy. By combining our heritage with fearless creativity, we innovate the sustainable food solutions of the future.

We focus on fast-moving consumer goods and our direct-to-consumer business in the Nordics, Baltics, and beyond to some 40 different countries.

Whether it is a nourishing breakfast, a quick snack in the afternoon or a sweet treat in the evening, Fazer's products bring joy and well-being into people's everyday lives.

Fazer Bakery

Fazer is the leading bakery company in Finland and enjoys a significant presence in Sweden and the Baltics as well.

Cherished brands include Puikula, Reissumies, Oululainen and Fazer Leipurit in Finland, Skogaholm in Sweden, and Druva and Gardes in the Baltics. Bakeries are in Finland, Sweden, Latvia, and Lithuania. The company operates also 131 shop-in-shop bakeries in Finland and 13 in Estonia. In the beginning of 2023, we opened our first shop-in-shop bakery in Sweden. Shop-in-shop bakeries are real bakeries inside the grocery stores, in where fresh bread is baked by hand every day. Fazer sells bakery products to over 20 countries.

Headquarters

Sustainability at the core

Sustainability influences everything we do. We have identified a host of actionable measures for decreasing our CO2 emissions and increasing our use of renewable energy sources.

At Fazer, we develop food as a solution for a more sustainable planet and business.

We acknowledge the substantial impact that the way food is grown, produced and consumed has on people's well-being, the environment, and society.

Sustainable sourcing

To minimise environmental impacts in our value chain, we pledge that by 2025 53% of our suppliers by spend will commit to SBTi targets.

We have minimum requirements for all suppliers (Supplier Code of Conduct) and specific requirements for chosen raw materials, like cocoa, grain, palm oil, soy, fish and eggs.

By the end of 2021, 78% of the suppliers by spend have signed the Supplier Code of Conduct. We regularly verify compliance with our sustainability programmes and audit our suppliers.

Swedish Cinnamon buns 220g

CN code: 19059070

Description, appearance: Soft, sweet bun with cinnamon filling.

Weight/piece: 21,8 g / bun.

Measurements: W: 45mm+/-5mm, L: 50mm +/-5mm, H: 27mm+/-5mm.

Consumer unit: 220 g/bag, approx. 10 buns/bag.

Sales unit: 18 X 220 g bags per carton.

Manufacturer: Fazer Bageri AB, Sweden (IFS)

Ingredients: **Wheat** flour, cinnamon filling 23 % (sugar, water, brown sugar, modified potato starch, rapeseed oil, cinnamon, potato granules, glycosyl syrup, **wheat** flour, vegetable emulsifier E471, salt, aroma (vanillin)), water, rapeseed oil, sugar syrup, yeast, bread gloss (water, maize starch syrup, potato dextrin, preservative E211), salt, baking powder (E450, E500), milled cardamom, vegetable emulsifier E471, **barley** malt, preservative E200, flour treatment agent E300.

Coumarin level in the buns are maximum 34 mg/kg.

Instructions: Ready to eat after thawing. Thawing in room temperature.

The nutrition declaration: Per 100g in accordance with Regulation EU (No) 1169/2011

Energy	1525 kJ/363 kcal
